

Craft Draft Coffee Tasting notes

PERU SOL Y CAFE

A smooth, caramel, whipped cream start, followed by notes of cookies and pecan pie with a classic medium roast coffee finish.

This beautiful coffee is wet processed and sun dried. It is produced by farmers of Sol y Cafe Cooperative, in the provinces of San Ignacio and Cajamarca (Northern Peru) at elevations between 3500 - 6000 meters.

ETHIOPIA YIRGACHEFFE

An array of floral notes yield to a wonderfully bright aroma. Syrupy mouth feel with expansive breadth of toasted coconut balanced with high citrus notes and a pleasing roundness of body. Craft Draft Yirgacheffe is unusually complex, slightly delicate, sweet and elegant in its finish.

This coffee is named after the town located about 1,900 meters above sea level in the Sidamo region of Ethiopia. It is considered by many to be the place where coffee first originated. More importantly it is some of the finest coffee available from that region.

GUATEMALA QUETZALTENANGO

Creamy yet slightly herbal, cilantro start that gives way to flavors of toasted tortillas and cocoa. As the cream from the nitrogen clears the glass, cold Quetzaltenango releases subtle notes of roasted nuts and just a hint of lime. This coffee has a medium body, powerful acidity, smooth honey presence and mouthfeel, with a nice fruity finish.

Quetzaltenango is in the western highlands of Guatemala. The coffee is farmed at an elevation of 3300 - 4800 ft on the seismically active volcanic slopes.

HAIR RAISER

Deep-toned aroma with a tightly-knit complexity: cedar, flowers, pineapple, vanilla and semi-sweet chocolate. The nitrogen adds a creamy start that softens the richly round and bittersweet peeks. This black-hole-dark brew yields an impressive, smokey character with a tickle of pineapple. Sweet, expansive finish reveals a hint chocolate and fruit notes.

Hair Raiser Craft Draft Coffee is our signature super-dark-roasted blend. Blended from coffee sourced from Sumatra, Congo and Ethiopia, it shouts out verve and attitude!

MEXICO OAXACA - DECAF

Pungent, floral, earthy aroma with sweet, mild acidity and robust body. The smooth creamy start begins with tropical nuts and nougat that give way to dried fruits and chocolate. It has a gentle and pleasing finish. You won't believe it is decaf!

This Craft Draft is a water processed decaf coffee that is sourced from family owned farms located in the Mixteca and Sierra Norte regions in the state of Oaxaca, Mexico. This fully washed coffee is sun-dried and harvested from shade grown farms that are typically 5 - 10 acres in size.

INDIA IYERPADI ESTATE - BLACK TEA

A crisp, Imperial classic tea flavor, delivered on a creamy cloud of nitrogen, with a rugged finish.

Grown in Tamil Nadu in Southwest India.

This black Indian tea is smooth and satisfying, yet sturdy and stimulating.
